PROFILE SUMMARY

Enthusiastic software development student with a Bachelor's degree in Computer Science, specializing in Software Engineering. Proficient in full-stack web development, with skills in HTML, CSS, JavaScript, Java, Python, and C++. Experienced in developing dynamic applications using frameworks like ReactJS and implementing robust back-end solutions. Passionate about leveraging modern technologies such as APIs and machine learning to contribute to innovative projects. A collaborative team player eager to gain hands-on experience and further develop technical skills in a challenging internship environment.
